

GULLITONECUTTER MACHINE

1. ICK-P16 inch cutting system
2. ICK cutting system has automatic detection and correction tool electronic CAM
3. Automatically add butter
4. OMRON PLC
5. ABB Automation Control Components
6. Infrared Grating security
7. Servo motor feed system
8. Dual-rail, seamless countertops, ball screw
9. Double hydraulic using German hydraulic module
10. Double hydraulic using Italy hydraulic pump
11. Dual track platform
12. Security replacement blade
13. Knife stick eject
14. Adjustable paper press with guide rail
15. Two-point support for replacing the knife
16. No limit clamp pressure adjustment system animation demonstration

INSTALLATION SPECIFICATION
