

Reel to Sheet Cutter

**Heavy
Duty**

**High
Durable**

**High
Pressure**

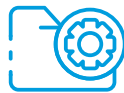

- Our sheeters can handle cellulose, paper and cardboard, as well as security and specialty papers.
- Designed for paper and cardboard manufacturers, converting plants and paper finishing facilities with medium to high production capacities that require flexibility, strict production requirements and the highest quality for the finished product.

A servo-driven high speed, high precision and high efficiency sheeter. Capable on wide range of paper, board paper, art paper, kraft paper, etc... Widely used by printing, packaging and paper suppliers.

Real-Time Digital Control

Production Record Function

No Paper Roller Required

Connected with the Enterprise ERP System

Optional : Can add more unwind station (cutting 4 rolls, 6 rolls, 8 rolls at the same time)

Hydraulic Shaft-Less Unwind Station

Multi-Disc Brake

High Precision Single Rotary Sheet Cutter

Auto Jogger System

Conveyor Unit

Electric Control System

Model	CHM - 1100	CHM - 1400	CHM - 1700	CHM - 1900
Cutting Way	Top Biade Rotary, Bottom Blade Fixed			
Refence Weight of Cutting Paper	60-550 GSM	60-550 GSM	60-550 GSM	60-550 GSM
Cutting Accuracy	±0.5mm	±0.5mm	±0.5mm	±0.5mm
Max. Cutting Speed	300 Sheets/Min	300 Sheets/Min	300 Sheets/Min	300 Sheets/Min
Max. Cutting Meter Speed	300m/min	300m/min	300m/min	300m/min
Cutting Length Range	450-1300mm	450-1650mm	450-1650mm	450-1650mm
Max. Scroll Diameter	1500mm	1800mm	1800mm	1800mm
Stacking Height of Paperboard	1300mm	1500mm (59")	1500mm (59")	1500mm (59")
Max. Paper-Cutting Width	1100mm	1400mm	1700mm	1900mm
Weight	11000kg	12000kg	13000kg	14000kg
Dimension	12203mmx 3553mmx2030mm	12518mmx 3853mmx2230mm	12518mmx 4153mmx2230mm	12518mmx 4353mmx2230mm
